

Relatives in United States

In February 2021, my 3 Cousin Greg contacted me through the DNA Relatives-23andMe site. We found out how we were related, the paths are shown in this document.

Axel Wilson and Hilma Koski family.

My maternal grandfather's name is **Axel Wilson** son of **Wilhelm Storsjo**. He was from Sideby, my cousin sent us this picture of Axel's entire immediate family, 9 children born from 1903 to 1922. My mother Vivian, the youngest, born in 1922. She was raised in Cloquet, Minnesota.

This is how I read and understood the records, as seen, our connection is **Gustaf Wilhelm Henrikson** who married **Agatha** in 15 Norrback. I believe that my father's grandfather **August Eliel** was the half-brother of **Axel Bernhard**.

I made a Short conclusion above, just to have a quick view of the generations and connections.

The links that are blocked are shown in screenshots, the public ones I believe work for anyone.
